Pop-Pah, Pahter, Father, Pop, Dad The Third Sunday In June Is HIS

Some 50 years ago it became customary to recognize Father with a DAY; the third Sunday in June of 1912, it became national.

In India, Mother can sell him into slavery to pay debts; in Palau Island the ruling monarch can have any male executed if he disturbs her contemplation.

Dad must go live with wife's family; children take mother's name and only daughters inherit property, near Sumatra.

Dad was Father in the case of Emperor Mulla Ismail of Morocco who died at age 81, leaving 548 sons and 340 daughters; he had 300 wives.

Some current greeting cards honor father with "Happy Father's Day from your favorite DISEASE" to "Dad who always calm, cool and collected."

"To good 'ol Pop - Happy Summerdays To Begin Session Friday Night"

Sponsored by the Community Youth Council, the Summerdays will hold its first get-together Friday, June 17 from 8 to 11 p. m. at the Community Methodist Church.

There will be all kinds of recreation for "teen" from the eighth grade on up (includes those who will be in eighth next year) and the recreation will continue every Friday night through the summer months.

Fee is 10 cents and 15 cents drag.

U. S. Marine Band Plays Here Matinee And Nite Oct. 23rd

The 162-year-old United States Marine Band, the oldest military symphonic musical organization in the country, will play at Belle Glade on Oct. 23rd, under auspices of Rotary and Lions Clubs, as part of the Presidential-approved tour of fifteen states, covering the southeastern section of the country - the first such tour since 1955.

The tour will open at Kennett Square, Pennsylvania on September 11, and end at Fort Belvoir, Illinois on September 12.

Mr. Fred Stevens has announced that matinee and evening concerts will be presented at High School Auditorium, with

Former South Boy Youth Is Killed

Herbert Wendall Rhodes, 18, of South Cleveland was killed Friday, June 10 about 4 p. m. while working on a dragline with his brother Leroy Rhodes, operator of dragline for Owens Smith and Reynolds Construction Co. in Highlands County near Brighton.

When changing shifts at 4 p. m. Leroy looked for his brother and found him under the generator belt where he had evidently slipped and fell into the machinery, according to the Highlands County Sheriff, investigating the accident.

The deceased is the son of Mr. and Mrs. J. B. Rhodes, Sr., of South Cleveland, former South Boy residents. He was the boy who was hurt several years ago while waiting for a school bus when a truck ran into the Saw Grass Restaurant in South Bay at the Railway Crossing, killing one boy.

Survivors in addition to his parents are his brothers, Leroy, Lakeport, Jody, Cleveland and J. B. Jr., in the Navy; two sisters, Betty Pritchard, Bowling Green, Fla., and Mrs. Ruby Lamb, Houston, Texas.

Funeral services were conducted at 4 p. m. Monday at First Baptist Church Cleveland with Rev. L. F. Fagan officiating. Burial was in Ridgeland Cemetery, Cleveland.

Beginners Swim Classes Start Monday At Pools

Beginners Swim Class for children will start Monday, June 20th, at both the Municipal and Lake Shore Pools. The age and time schedules are as follows: 4 and 5 years olds will start at 9:15 a. m. and 6 and 7 years olds at 10:15 a. m. and 8 and older at 11:15 a. m. A class for adult beginners will be conducted evenings. All adults interested are asked to enroll.

Classes at the Lake Shore Pool will be supervised by R. Casey Gregory, Red Cross Water Safety Instructor, who will be assisted by Philip Pierce, Red Cross Water Safety Instructor, Clarence Thrope, Ted Roman and Barbara McClure.

Under the leadership of Lt. Col. Albert Schopper, the Marine Band is known to millions of Americans through its annual tours, its frequent radio broadcasts and television appearances, and its concert series in the National Capital. The annual tour originated under the direction of John Philip Sousa in 1891 and has afforded Americans living outside the Washington area an opportunity to see and hear the world-famous band.

Mr. Fred Stevens has announced that matinee and evening concerts will be presented at High School Auditorium, with

Hospital X-Ray Is Ultra Modern

Ultra modern equipment combined with fast, skillful and efficient service spot lights the X-Ray Department at Belle Glade Memorial Hospital.

A new machine manufactured by X-Ray-Xray gives pushbutton ease to the once difficult task of lining up the part to be X-rayed and gauging the amount of rays needed to penetrate the subject.

J. V. Cason, M.D. is in charge of the Department. Dr. Rex Johnson is the consulting physician, who has specialized in the field of X-ray and radiology. His training enables him to interpret the films and discuss the patients symptoms to the attending physician thereby aiding in the diagnosis.

Tampa Cruise Club 15-20 Boats Here

L. L. Price of the Chamber of Commerce has completed arrangements to welcome the Tampa Cruise Club of 15 to 20 boats on a cruise here on July 2nd.

Further details of the reception will be announced later.

Beef Production Involves The Producer, The Packer The Banker - The Educator Fits In

How to get the highest tonnage of the higher grades on a herd that is ready for market at the proper time for the least penny, appears to be a logical purpose of beef production.

Natural associates of the producer are the packing house man, the banker and the scientist, encouraged through cattleman's associations.

The cattleman wants the greatest net return for his time, effort, and investment. The packer wants the volume of offerings, the veterinarian grades, to coincide with the demands of the distributor.

The banker wants his security to be "fluid" at a profit to his borrower;

The educator wants to see the cattleman's association.

An all-day session, with those in attendance divided into discussion groups, resulted in the scientist finding out what the cattleman wanted to know - and he demonstrated that he does want to know the cattleman's needs and the banker learned more of the best method of coordinating his services with all to a more satisfactory business.

The periodic discussion by all groups to effect cooperative action was acknowledged, and plans were laid, particularly by the bankers and the cattleman's associations, to hold similar meetings through the state.

Complete agreement was reached by each group with all other groups to consider the needs and wishes of each group in order to plan for the good of all.

The idea of common sense in appeal - it's grass-roots in foundation and intends to adopt the practical and the scientific.

The spread of the idea to other Florida areas is expected to cause like meetings in other parts of the state, with cattleman's associations of the country.

The Glades Livestock Market Association, and George Young's executive manager, were highly complimented for having brought the idea to a definite point of action by everyone attending the Cleveland meet.

Belle Glade Swim Team Scheduled First Meet

The Belle Glade Swim Team will make its official 1960 debut in the Allapattah Y. M. C. A. Swim Meet which will be held at Miami June 24, 25 and 26th. Philip Pierce, Head Life Guard at the Municipal Pool, is a new addition to the coaching staff.

Don't let faulty tires spoil your trip. Glades merchants prefer the tires that can't be bent anywhere! East Coast specials won't compare with local dealers stand. Play it safe with good tires and expert car service from dependable home-town folks.

Charles Bamford Gets BCHE Degree

Charles Bamford, son of Mr. and Mrs. W. C. Bamford, received his Bachelor of Chemical Engineering degree at Georgia Tech Saturday, June 11. He was managing editor of Engineers' technical magazine of Georgia Tech. He was recognized as a distinguished military student and was awarded a plaque from Georgia Tech publications board for outstanding contribution.

He was chosen as a member of Eta Chapter of the co-scholastic honorary group and was a member of Beta Theta Pi Social Fraternity.

Attending the exercises were his mother, Mrs. W. C. Bamford and brother John, aunt and uncle, Mr. and Mrs. H. Blackmer, III, Clearwater and aunt, Mrs. Riley Sims and family of West Palm Beach.

The local Chamber of Commerce, following a suggestion of City Manager Talmadge has brought some 22 local civic groups together in a campaign to "Clean Up - Paint Up" in the City and surrounding residential areas, with Larry Royal as General Chairman and a host of club members participating.

At the first called meeting Tuesday night, fourteen of the organizations were represented and five committees were appointed for five areas to study conditions and report back to a planning meeting to be held at the Chamber of Commerce on the night of June 27th.

A little help by everyone will make the job less burdensome, and everyone will benefit; when called on to do your best to cooperate - swing a hoe, push a shovel or wheelbarrow, and if you can't do anything else take water to those who will be working, OR sing songs to them - do something!

The following are the Committees appointed: for the NW area, Master Sgt. Hubert J. Don Sellers, Mrs. Lonnie Warren; for the NE section, Mrs. Chris Burkett, Mrs. Barbara Wolf and Mrs. Lorenza Connel; for the SE section, Mrs. Chris Figueroa, Mrs. Fred White and Mrs. Gloria Crosby for the SW Section, Rev. S. Edwards and S. L. Teague; for the business section, Bun McCall, Bill Aspey and Larry Royal.

Glades First Guard Unit To Train At Fort Lee Va.

As the first National Guard Unit to train at Fort Lee, Va., the Glades boys have the privilege of a two weeks training available under the highly competent guidance of officers and NCO's of the Quartermaster's School.

They are being trained in such diversified fields as petroleum pipeline operations, including the necessary steps for processing and transporting through pipeline complex, laboratory analysis and specifications of petroleum, radio-teletype communications, logistics, clerical operations, engineering and quartermaster equipment repair and maintenance, army food service and many other phases of military training.

Our Glades boys are members of two pipeline platoon and the 1st Quartermaster's platoon which are attached to the 149th QM Company of West Palm Beach.

Capt. Wilbur Simmons is commanding the Petroleum Depot; 1st Lt. Wm. McMillan commands the 149th Company. The Glades unit is under command of 1st Lt. Charles Paul.

The local unit will leave Fort Lee on June 18th at 6:30 p. m.

During the year these National Guardsmen are civilians from every walk of life but, one night a week, there are national guardsmen - members of the largest single component of our nation's reserve fighting force - always ready to defend. Sleep well tonight your National Guard is awake.

A Tribute To: The Late Hampton T. Holloway

By Lawrence E. Will

You probably don't need to be reminded that few of us would now be living here in the Everglades if it were not for the naval operations of transportation and drainage I don't know of any one person who contributed more than that pioneer dredge boat man who lived in Belle Glade for many years. This was none other than Captain Hampton T. Holloway who died May 31st at his home in Coral Gables.

Although Hamp was probably most widely known, he joined four Holloway brothers, all dredgeboat men, and all of whom from the earliest days of reclamation, devoted their lives to digging muck and rock in the Everglades. Scott, the oldest of the brothers came from Putnam county and was on the state's dredge "Everglades" when on July 4th, 1906, he dug the first dipper of earth in Governor Broward's ambitious program to drain the Everglades.

Early the following year Scott was put in charge of the new dredge "Okeechobee" digging from Ft. Lauderdale toward South. He was then joined by the other brothers Hamp, E. Stuart and George "Wash," all of whom eventually commanded their own dredges.

None of these boys, as was common at the time, had enjoyed more than a scanty schooling. Hamp, however, being an ambitious sort, by dint of reading and by studying a correspondence course in steam engineering, quite effectively overcame this handicap. Thus equipped with an age when most young fellows are wondering which college to enroll in, Hamp got the appointment to attend a large floating dipper dredge engaged in deepening the ship channels in Pearl Harbor, Hawaii. While here the First World War erupted and he volunteered for the army. Upon his discharge he returned to the

Glades where he was in turn captain of the "Everglades," the "Okeechobee" and later of the "Calcasahatchee" which was excavating the St. Lucie Canal.

Although large and palatial as dredges went, and termed by his crew "not a dredge but a home," Hamp, for some reason, quit, and as a sympathetic person, several diggers and crane-men, staved off with him. At this time Scott Holloway had started a contract down in the Cape Sable country in what was

TO ALL EMPLOYERS

Do you have an opening for a high school graduate... either for a summer job or a permanent position.

A large number of Belle Glade High School graduates are going to be looking for jobs this summer. Many of them will need work to help finance their college education, but for others it will be the start of their business career.

Time was when a student completed his schooling, he almost had to leave town to find a good job. This condition has improved considerably in our area; more and more jobs are open for our young people. Still, it's quite a job to take care of the large number of high school graduates looking for jobs each June.

Good work experience for high school graduates before they go on to college and permanent jobs for those becoming fulltime members of the labor force are important to the future economic health of our community, as well as the State of Florida. Even more important is the development of these youngsters into the most productive and creative roles of which they are capable. Only in this way can they make their fullest contributions to the upward struggle of humanity.

Many wise employers realize, too, the value of obtaining fine young workers who can be trained to assume responsible positions in the business world.

The purpose of this open letter is to urge all employers to take another good look and see if you have an opening for one of these young people.

A phone call to the Florida State Employment Service might bring you just the promising young man or woman you need to round out your organization, or to help in the summer vacation period.

IT'S SPRING HOUSECLEANING TIME

Spring housecleaning was a family ritual for every household back a few short years ago... Mamma marked the days until school was out when the whole family would pitch in to give the home place a complete renovation. Curtains came down, walls were painted, closets sorted out... every nook and cranny gone over with a fine tooth comb. Rugs were hung out on the line and Pappa or big brother handed the beating broom - windows were shined - and last but not least yards were raked, pathways swept spunkin' clean, and the finished job surveyed with great satisfaction by each member of the family.

Just such an old-fashioned housecleaning is the project underway for cleaning up our city. Pappa Price of the Chamber of Commerce, working thru the city officials, is advocating that each member of the city family take the rake, broom, or necessary implement and pitch in to make Belle Glade "The City Beautiful."

Many hands make light work... 18 organizations have accepted the call to pitch in and get our city house in order. More volunteers are needed... cleanup suggestions solicited.

Let's all join in on the big spring cleanup... neat, clean, beautiful surroundings will bring pride of accomplishment to everyone.

Laff it Off

"This here cow," a farmer said to his veterinarian, "has spells when she can't get up for a day or two. What should I do?"

"I'm glad you put it that way," replied the vet. "Next time she's up, sell her."

Conversation between a couple of cowpokes in a bar:

"How did ol' Bill die?"
"He fell through a scaffolding."
"What was he doin' up there?"
"Gittin' hung."

"Rockin Chair Money" Up In Belle Glade

"Unemployment Insurance Payments" - Rockin Chair Money in some recipient pockets increased for the month of May \$1,320 to a total of \$9,501 for Belle Glade, according to Chairman Vocelle.

West Palm's amount grew \$12,750 to a total of \$130,208 for May, according to the same source.

The cause for the increase is "an industrial slowdown."

New Submarine Service Reenlistment Program

Commander J. E. Ford, USN Officer in charge of the Florida Georgia Navy Recruiting District stated today that the Navy Department has just announced a new Submarine Service Reenlistment Program.

Ex-Navy men who have been discharged from the Navy for up to three (3) years may now reenlist in the same paygrade held at time of discharge, provided they are physically qualified in accordance with current reenlistment standards.

This new phase of the General Reenlistment Program applies solely to former Submarine Service enlisted personnel who served in the following special fields: Sonarman, Torpedoman, Fire Control Technician, Guided Missile Technicians, Electronic Technicians, Radiomen, Machinists, Enginemen, and Interior Communications Technicians.

All former submariners who have served in the above fields and who have been discharged within the last three years, are urged to contact their nearest Navy Recruiter for more details on the Submarine Service Reenlistment Program.

Enjoying Vacation Trip
Mr. and Mrs. Davis Baillie, who started the early part of May on a six week vacation trip report they are having a wonderful time. They were in Santa Cruz, Calif., a very lovely city with a beautiful coastline. Enroute to California from Belle Glade they stopped at Ochner Clinic at New Orleans, visited their son and family at New Orleans, traveled on through northern Louisiana and Texas, where they missed a lot of bad weather.

Their visit to Hoover Dam was most fascinating to Mr. Baillie. On reaching Las Vegas, Nevada, they ran into a sand storm which was anything but pleasant. Mrs. Baillie stated that the Florida Gold Coast has just as many beautiful hotels and motels as Las Vegas the only difference is that gambling is wide open. In San Francisco they had a big day of sightseeing and were recuperating before leaving for Oregon and Washington, reuniting by way of Canada and New York state and then south.

Uncle Dan From Democrat River
Dear Mister Editor:
I see where the FBI has released a report saying country folks are now committing more crime than city folks. Well, if the rural folks is overtaking the city folks in these activities, all I can say is they got more excuse. The drought, dust storms, the howl-well and lightning rod salesmen for instant, to name only a few, work on nothing but the rural trade.

It's getting so, here of late, that a feller can't turn on the radio or the television without hearing a political candidate making his pitch. If the Democrats is as bad as the Republicans say they are, and if the Republicans is as bad as the Democrats claims, I don't see how Mister Editor, we can hope to survive. I never dreamed the country was in such a bad fix till I got to listening to the Democrats and Republicans talking about each other.

The only sensible speech I've heard lately was from some feller over an Ohio radio station. He said he was the champion of the middle class and he allowed as how he was the only champion they've got in this campaign. He claims that the rich can take care of themselves and the Government takes care of the poor folks and that the middle class is the fergot ten man in this campaign. I turned in on him some later and didn't get his name and party.

Uncle Dan From Democrat River

Me and my old lady went to church Sunday and I got to admit we got a real up-and-coming preacher, a feller that is always putting a new twist to things. He said Sunday, for instant, that it's not only where a heap of us is headed but that the humidity is terrible. First time to my recollection that I've ever heard a preacher bring up the humidity angle.

I figger a man that lives by the side of the road can be a friend of man by keeping his kids out of it. We had a wreck out here last week on account of a driver trying to miss a bunch of kids playing in the road. I wish you'd pen a editorial on the subject, Mister Editor.

Well, I better knock off here. I ain't in such a good humor on account of all my neighbors gittin' their income tax refund and mine ain't come yet. Waiting for a refund from the Government and waiting for eternity is about one and the same kind of waiting.

Yours truly,
Uncle Dan

Troop 621 Holds Court of Honor

Boy Scout Troop 621 held a colorful outdoors Court of Honor on Tuesday at 7:30 p. m. at the Everglades Presbyterian Church, the sponsoring institution. In the opening ceremonies, the Colors were posted by color bearers, Victor Riedel and Bobby Kunkel, and color guards, Jim Ludlow and Jeff Altman. Richard Murray lead scouts and guests in singing the first stanza of "My Country 'Tis of Thee," accompanied by Miss Ann Preston at the piano.

Myron Ludlow, advancement man on the troop committee, served as Master of Ceremonies and introduced Reverend W. V. Preston, pastor of the Everglades Presbyterian Church, who gave the opening prayer.

Dr. V. E. Green, Jr., troop committee secretary, gave a brief report on the performance of the troop, which indicated excellence in attendance, advancement, camping, and finances.

Sam Crissman, outdoorsman on the troop committee, presented a one year service star to Bobby Kunkel. Richard Murray, troop committee treasurer, presented second class badges to Steve Rowe, Jay Uhlig, and Victor Riedel. Dr. E. D. Harris, Jr., troop committee chairman, presented Marlan Felsing, Eddie Haines, and George Towell with merit badges.

The highlights of the evening came when Eddie Haines was presented with the Star Scout badge by Scoutmaster R. H. Lewis, who pointed out that although one year was required for most scouts to advance to First Class Scout, Eddie had earned the higher rank in nine months. Scoutmaster Lewis also commended Eddie's father and mother, Assistant Scoutmaster and Mrs. C. E. Haines, for the encouragement they have given Eddie. Identical Star Scout pins were presented to Mrs. Haines and Eddie.

Assistant Scoutmaster Frank Thomas presented a brief report on the future plans of the troop and stressed the need for participation in troop activities.

The Court of Honor was closed by a presentation of the Scoutmaster's Benediction by the scouts under the leadership of Senior Patrol Leader Marlon Felsing. Refreshments were then served.

Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torsion-Spring Ride putting every foot of the way! You don't get any more jolting on washboard roads than you do in a passenger car, or any sideways on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.

Hamp Holloway

(Continued From Page 1)

is Everglades National Park. He was to dig a canal through swamps, wet prairies and mosquitoes about half way across the state. The first captain had quit because of bolts, bugs and sickness, so Capt. Hamp arrived to replace him, and with him came the "Callosahatchee" men. Hamp called all the Cape Sable crew into the houseboat. He then fired them all and paid them in cash for the first time. He then fired them all and paid them in cash for the first time.

It was on this job that Hamp married the young school teacher, Lillie Adams of Boynton Beach in 1922. He subsequently became a resident of that town, served on the city commission and became its mayor. A proud result of this marriage was two sons, Arthur, 21, now municipal judge of Delray Beach, and Albert, something of a genius in his line, who is an electronics engineer at Cape Canaveral.

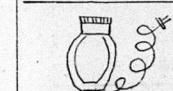

After completion of this Cape Sable job, Hamp teamed up with the politically influential Tom Bryan of Ft. Lauderdale. As "Bryan and Holloway" they obtained many profitable contracts, including the grade for the original road from Twenty Mile Bend to Belle Glade in 1923, a levee and canal for South Florida Conservancy District and the western portion of the state's lake shore levee, of which Scott had already constructed the section from Biscayne Point to Lake Harbor.

During much of this work, Hamp and Lillie lived in a house boat behind the dredge. To some women who thought it strange to have been a bit homesome. In those days life on a dredge-boat was not unlike being on a ship at sea with the difference that the empty miles of ocean were here replaced by unbroken waves of sawgrass extending to the far horizon. Crewmen often remained on board for months on end without even setting eyes on a woman, a newspaper or even a bottle of drinking liquor. It was no place for a town wife, but Lillie never seemed to mind.

The 1928 hurricane sank two of Hamp's dredges at Chosen. One dragged behind the lake to Belle Glade while another was washed far inland at Ft. Pierce. Each machine incidentally became havens of refuge for victims of the storm and thus saved quite a number of lives. The storm, however, provided additional work for Hamp. He and Stuart made the first trip to the lake shore levee. Then Hamp rebuilt the Belle Glade-Pahokee road bed. In 1934 he had two dredges on the new Government lake levee. It was then that he moved to Pahokee, and then to Belle Glade. While here he bought 20 acres at Main Street and Avenue E, which he subdivided and on which he erected several houses. He became active in church activities, and his civic interest resulted in his election to the City Commission. In 1944, with his brother Stuart and W. L. Cunningham, he formed the Holloway Dredging Company, which with their two dipper, one clamshell and one hydraulic dredges operated on many construction jobs in the Glades and on the East Coast from the Keys to Jacksonville. After retiring from the contracting game Hamp was for many years a bridge inspector for the State Road Department.

Hamp's mechanical ability was extraordinary whether he was doing a bit of blacksmithing on a dredge or whether designing and building a complete dredge itself. Even though a machine might be a score of miles back in the sawgrass and with only the most primitive equipment to work with, he seemed always to be able to cope with any emergency.

In the early days of Everglades dredging the typical captain was a rough featured, hard fisted individual whose violent temper and typical profanity were

Adventist Pastor

Back From Meeting
Pastor George E. Petty of the Belle Glade Seventh-day Adventist church returned home this week after spending 3 weeks at the Annual Camp Meeting of Seventh-day Adventists near Orlando.

During his absence he assisted in preparing the convention site in Orlando, acted as spiritual counselor members of the local congregation and others attending the sessions, and served on camp committees.

Special ministerial study sessions and worship were attended by Pastor Petty daily during the camp. He subsequently became a resident of that town, served on the city commission and became its mayor. A proud result of this marriage was two sons, Arthur, 21, now municipal judge of Delray Beach, and Albert, something of a genius in his line, who is an electronics engineer at Cape Canaveral.

deemed essential to his position. Hamp, on the contrary, had the manner of speech and the appearance of a successful man of business. Oh, he had a temper, too, but it was kept well in control. One of his men got too big for his britches, Hamp would call him up, half squint that one eye and with the other hand he would slap him. Then taking up his verbal chop ax Hamp would methodically cut the miscreant down to size until he would gladly have dropped through a rivet hole in the deck. Then metaphorically sweeping up the chips and tossing them over the side, Hamp's stern visage would expand into a friendly smile and offer the greatest favor in the world, which possibly he never sulked nor held a grudge.

In his personal dealing Hamp was both fair and just. His business affairs were conducted with an Abe Lincoln sense of honesty. To be associated with him, as many have attested, was a privilege. Now, you may consider that I am prejudiced, for I worked for him for several years and had business dealings with him for many more. In fact, he has sometimes screwed down that eye at me. He once fired me when I once foolishly believed that my way was better than his. Nevertheless, no charge could have been fired by a finer man.

His philosophy of life, as he once expressed was — "The good things of life are good only if they are used for good," and pardon, that's not a bad rule and guide for any man's faith and practice.

Decisions On Nat'l Elections Should Come Of Voter's Communion With God

Decisions should come out of each voter's communion with God and the guidance of the Holy Spirit, the Christian Science Board of Directors said. More than 7,000 Christian Scientists at the annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, heard the Directors' message, which called for an end to apathy, irresponsibility, and blind partisanship.

Set Apart For Me Is Topic Of WSCS

The woman's Society of Christian Church held its first general meeting of the new year in the Chapel at 8 p. m. The Star Circle was in charge with Mrs. Frank Donkey giving the devotion and Mrs. Frank Morris the program "Set Apart For Me" assisted by Mrs. Polon Morris.

The new president, Mrs. H. C. Post presided over the business meeting. The treasurer, Mrs. Morris presented the new budget which was accepted. It was voted to serve the luncheon November 15 for the District 10 meeting of the Federation of Gardens Clubs and plans were announced for a social after evening church June 19.

To fill resignations, Mrs. Robert Abel was elected secretary of Missionary Education and Mrs. Lee D. Rusk, secretary of Children's Work. Mrs. Mildred Hainey was appointed scrapbook chairman, and Mrs. R. P. Mackey, Sunday School.

Mr. Eckman emphasized the need for individual action through prayer to deal with improving challenges to civil and religious freedoms.

The threats to be coped with, he said, "are not merely external forces under authoritarian dictatorships that would seek to destroy our way of life. Violent internal enemies, represented by organized crime in league with corrupt politics and subversive influences, claim the power to rule over government in one community after another."

Through reliance on God's Word and guidance, these challenges will be met and mastered, Phokhee.

W. O. W. Initiates Nine

Belle Glade Camp No. 710, W. O. W. initiated the following candidates Tuesday evening: T. Allen, Ray Mase, James E. Brown, and James W. Brown.

Ernest Tillman and Jack Newcome of South Bay, and Albert Sykes and Thurman Thompson, Phokhee.

Today's Meditation

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Having gifts that differ according to the grace given to us, let us use them. (Romans 12:6, RV)

Ready to embark on his life, a young man asked himself: "Shall I devote my life to a church-related occupation, or shall I seek a career in business?" He loved the church and had been a member since childhood. He had qualifications for a successful business career. The conflict of indecision raged within him for many weeks.

One day he went alone to the mountains to pray and ask for guidance. The answer came, as clearly as if the words had been audibly spoken, "Go into the business for which you are fitted. The coming of God's kingdom depends as much upon true Christians laymen as upon preachers, teachers, and other workers in the church." He followed this guidance, and throughout his life there was never a question but that it was God's leading.

Little more than is expected. He faithfully continued his church activity and became a leader.

PRAYER: Our Father, help us to place our lives in Thy hands and to follow Thy leading wherever it may take us. Help us to show by our everyday living that we are doing our best to follow the teachings Thou hast given us through Thy Son. In His name we pray. Amen.

THOUGHT FOR THE DAY: The coming of God's kingdom depends upon consecrated persons, both ministers and laymen.

Program Heard

On Ancient Art

The Omicron Chapter of Sigma Eta of Fine Arts met at the home of Mrs. Luther Jones Monday evening, with Mrs. Ray Whitlock acting as co-hostess.

"Ancient Indian Art of Costa Rica" was the subject of Mrs. Betty Ann Kidder, who gave an interesting talk of the three distinct cultures of Costa Rica. She displayed ceramic bowls that had been made and decorated prior to the fifteenth century, and showed colored slides and pictures of other phases of this ancient art.

Mrs. Bernice Sellers read an article on the continuing learning and perfection of the true artist.

Kirchman-Griffith Marriage Marks First Wedding For Lutheran Church

MR. AND MRS. DAVID GRIFFITH

St. Peter's Lutheran Church was the setting Friday afternoon for the wedding of Miss Arlene Ruth Kirchman, daughter of Mr. and Mrs. Paul Kirchman, Belle Glade and David Jack Griffith, Baker, Fla., son of the late Mr. and Mrs. P. Mancel Griffith. The wedding was the first to be solemnized in the church.

The Rev. August Koerber performed the double ring ceremony before an altar banked with palms and white gladioli and flanked with ivy and white pom-poms.

Miss Barbara Stone, organist, played traditional wedding music and Miss Jo Ann Kelly of Deland, Ala., sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride was radiant in a gown of pure silk tulle styled on princess lines. The bodice of imported Chantilly lace was fashioned with a scoop neckline and long sleeves terminating with beaded points at the wrists. Two wide panels of lace accented the wide chapel train. Her finger tip veil of illusion was attached to a lace train designed with pearls and she carried a cascade bouquet of spathiphyllum and ivy centered with a white cattail orchid.

Matron of honor was Mrs. Kenneth Kirchman, Dayton, Ohio, sister-in-law of the bride, and Miss Jane Kirchman, her sister's maid of honor. Bridesmaids were Miss Barbara Kirchman, cousin of the bride and Miss Donna Mae Armstrong, Belle Glade. All attendants wore white length nylon chiffon mist gowns in lemon frost, full skirted with bateau neckline, fitted bodice and crushed cummerbund with matching headpieces.

They carried bouquets in shape of hogarth curve of lavender mums, ivy and lavender ribbons.

Gerald Griffith, Baker, Fla., was his cousin's best man and ushers were Kenneth Kirchman, Dayton, Ohio, Ronny Kirchman, Arthur Kirchman, all brothers of the bride and Charles Hayes, Belle Glade.

Kimberly Kirchman, niece of the bride was flower girl. She wore a light blue and white striped dress of silk organza,

featuring a full skirt with an embroidered and lace bodice with a matching headpiece.

The bride's mother chose for her daughter's wedding a beige silk organza over tulle, fastened with a fitted bodice, small cap sleeves and a three tiered skirt. She wore a lavender Calceya Mossie corsage.

Following the ceremony a reception was held for guests at the Armory, where palms, gladioli and pom poms were used in decorating with an additional low arrangement of the same flowers and spathiphyllum, centered with a large silver wedding ring.

The bride's table was laid with a white hand crocheted cloth made by her grandmother, Mrs. Minnie Kirchman and held the four tiered wedding cake topped with a miniature bride and groom, and a crystal punch bowl. Assisting in serving were Mrs. August Kirchman, Mrs. Louis Kirchman and Mrs. Wilbur Whitlock. Miss Shirley Rhyms kept the bride's book.

For her wedding trip to the East Coast the bride wore a pastel green linen dress with darker green and white accessories. After June 17 the couple will be at home at Baker, Fla.

Mrs. Griffith is a graduate of Belle Glade High School, attended Florida State University and is a graduate of Troy State College. She was on the elementary staff at the local school.

Mr. Griffith is a graduate of Baker High School attended Pensacola Junior College and Troy State College. He plans to continue his studies at Troy State.

Rebekahs Honor State President

Belle Rebekah Lodge No. 21 held a banquet Tuesday evening, June 7th at Dixiana Grill in honor of Mrs. Hugh Lee Mick, President of Rebekah assembly of Florida, with Mrs. Kathleen Rogers acting as mistress of ceremonies.

The banquet was followed by a business meeting held at the Community Club House with Mrs. Lola Carr presiding as Noble Grand, and presenting each member with a year book. A courtesy drill was presented by members of the lodge, at which time a monetary gift with a crystal bell, a bouquet of roses, and a plaque with the president's colors and flowers was presented to the guest of honor.

Also visiting with the Belle Glade Lodge were representatives from the Gardena and Hibiscus Lodges of West Palm Beach, the Golden Links Lodge of Lake Worth, the Clewiston lodge and the Miami No. 87 Lodge.

A social hour was held following the meeting.

NEGRO NEWS

Negro Man Killed In Shotgun Duel

David Grooms, 35, year old Negro was killed at 9 p. m. Saturday night in a shotgun duel at Schleichters quarters on State Road 715. He was killed from the blast of a shotgun by Willie B. Hester, on a drawdown on each other. On arrival of Deputy Bob Newman and Ralph Kirk Constable he was stoned with a 3-inch hole in his chest.

According to Newman, Grooms and his wife were living in Schleichters quarters. He came home intoxicated, whipped his wife Robert Lee Oliver, she left and took their seven months old baby and went to her father, Willie B. Hester a few doors away. Grooms went down and demanded she bring the child back, she refused so he returned with his shotgun and stood outside firing two shots into the house. Hester got his gun and returned the fire. After shooting once Grooms ducked behind the building and Hester went out, they met in back of building drawn down on each other. Hester beat Grooms to the draw.

A Coroner's inquest was set for Wednesday night.

Antisepticising How Cheap?

"Sixty days or \$105" said the judge. It appears from testimony that Nellie Mae Hines inflicted an inch-deep cut on her common-law husband Earnest Davis with a razor blade some days ago and by common consent they didn't discuss the affair publicly.

Earnest's wound became infected and appeared dangerous, so it all came out when Earnest was accepted at the Belle Glade Memorial Hospital for treatment.

"I would've been cheaper to pay the doctor for sealing up the wound after antisepticising it, but Nellie Mae couldn't spell antisepticising."

Two Phone Booths Jimmied — No Money

Police report that two phone booths were broken into but no money obtained this past week. One located at 532 Avenue C and one at 256 SW 8th Street. Constable Kirk placed Arthur Lee Turner in custody Tuesday as the third person charged with breaking and entering with attempted grand larceny. Two others, now in the county jail for the same offense involved Arthur Lee in the escape. The Blue Bell was entered sometime in February and considerable merchandise, some liquid, was carried away.

Johnny Gene Beard and Robert Lee Taylor are the others involved in the charges.

Father-Son Day At Lions Club

Pastor W. W. Preston of the Presbyterian church told Lions Wednesday, "It is quite in keeping with my former experience with Lions' clubs to have this Fathers and Sons Day, for my association has been varied and I admire the aggressive spirit of the Lions in whatever they undertake."

The pastor told of his service in Brazil as a missionary discussing both that country's exports and gave a comparison of Brazilian social life and that of our own country.

It was announced that the meeting on Wednesday, June 29th will be regular installation day for next year's administration.
